RESPONSE TO OFFICE ACTION

Honorable Commissioner of Patents and Trademarks
Alexandria, Virginia

SIR:

This paper is presented as the Applicant's response to the Office Action mailed June 6, 2005. The Examiner has asserted that the application contains directed to multiple patentably distinct species of the claimed invention. The Examiner has distinguished the multiple species by correlating each species to a counterpart single drawing contained the specification.

The Applicant has been directed to elect a single species for prosecution on the merits to which the claims will be restricted if no generic claim is finally held to be allowable. The Applicant is also required to identify all claims readable on the elected species.

The Applicant elects Species VI, represented by Fig. 7 of the original application. The Summary of Drawings section of the specification states Fig. 7 to be a schematic
